Professional Experience

Quantum Medical Solution Sdn Bhd – Melaka Branch

Senior Biomedical Technician (Dental)

Jan 2023 – Present

- Maintained a wide range of dental chairs (including A-dec, KaVo, Shinhung, and Planmeca models) in government clinics.
- Performed scheduled preventive maintenance, ensuring compliance with manufacturer specifications and safety standards.
- Repaired critical chair control failures by diagnosing electromechanical and pneumatic faults, reducing equipment downtime.
- Entered and updated technical repair data, parts used, and service outcomes to support audit readiness and maintenance tracking.

Junior Biomedical Technician

Sep 2020 – Dec 2022

- Assisted in basic repairs, and scheduled maintenance of dental and general medical equipment.
- Documented service activities in CAMMS, contributing to accurate equipment records and preventive scheduling.

Eusoft Sdn Bhd – Petaling Jaya, Selangor

System Support Technician

Oct 2018 – Sep 2020

- Provided first- and second-line technical support via phone, email, and remote tools, diagnosed and resolved user complaints related to digital signage displays, networking devices, and system software.
- Conducted site visits for complex issues requiring hands-on repair and system reconfiguration.
- Assisted users with equipment orientation, basic troubleshooting, and system maintenance.

Education

Diploma in Biomedical Electronic Engineering (ICT)
Kolej Kemahiran Tinggi MARA (KKTM) Ledang – Tangkak, Johor
Graduated: June 2018
